If you found out that you are pregnant, you are happy but you might feel anxiety for pregnancy or childbirth at the same time. We have "Care coordinators for mother and child" ready for you and your family's consultation needs, starting from pregnancy. Please feel free to consult with them. The followings are the available services and necessary procedures. Please refer to Chiryu City's newsletter "CHIRYU" or our website for details such as the details of the service, place, reception time and things you need to bring with you.

① When you found out you are pregnant 妊娠したら

During pregnancy

妊娠期

To spend pregnancy period comfortably, we recommend you to see your doctor regularly and to take some maternity classes.

Receive Mother and Child Health Handbook (maternity class) 母子手帳をもらいにいきましょう

Fill in necessary information in the pregnancy notification form you receive at the medical facilities and come to the Chiryu City Health Center as soon as possible.

- ☆ You will receive the health checkup coupons for mothers and babies (for Chiryu City resident only) with the Mother and Child Health Handbook.
- ☆ Please come when you have enough time since health consultation for mothers with nurses and midwives will take place at the same time.
- ☆ We would like to inform you about the Benefits Support for Pregnant Women.

Class for parents (for mother and her family)

パパママクラス

We provide consultations during and after pregnancy, bathing lessons, and accommodate visits and events at the Childrearing Support Center.

Maternal Health Check-Ups (at medical facilities)

妊産婦健康診査(医療機関で受診)

You will receive a coupon with the Mother and Child Health Handbook. You can receive subsidized maternal health check-ups (14 checkups during pregnancy, 2 post-natal check-up) at prefectural medical facilities.

If receiving a check-up at a maternity city or outside the prefecture, a portion of the cost may be reimbursed after check-up.

For those with multiple pregnancies, subsidies will be available for 14 or more checkups. (Up to 5 checkups per pregnant woman)

Dental checkup for mothers

(at specified dental clinics in the city)

妊産婦歯科健康診査(市内指定医療機関で受診)

Tooth decay during pregnancy is common due to hormone imbalance and morning sickness.

You can receive free dental treatment at Chiryu City-designated dental clinics within one year after pregnancy.

Consultations and Visits with an MCH (Maternal and Child Health) Coordinator

母子保健コーディネーターによる相談・訪問

You can consult with our midwives and public-health nurses for any health related concerns.

We will send you the 8-month pregnancy survey. 妊娠8か月アンケートを送付します

Please complete the 8-month pregnancy survey as soon as you receive it. (If there is no response, the health center will contact you.)

③ Vaccination 予防接種について

Why your baby should be vaccinated? 予防接種はなぜ受けないといけないの？

Babies have an immunity inherited from their mothers, but after birth, it is lost naturally. Vaccination is to encourage baby to develop their own immunity preventing diseases. Babies will start going outside the house more often as they grow and will be exposed to risk of infections. We recommend you to bring your baby to receive vaccination as soon as possible when your baby reached the appropriate age. To receive vaccination, you need to have the medical interview sheet for vaccination ready. Types of vaccination and age: See the table below.

You should bring: Mother and Child Health Handbook and medical interview sheet for vaccination

Infants 8 weeks old to pre-school age with parents who cannot rear their child due to sickness or work can enter childcare center or small-scale childcare facility (See list of childcare centers). There are public and private childcare centers, and both of them meet the standard for childcare center, so there is no difference in principle. Small-scale childcare facilities are authorized by the municipal government to provide high-quality childcare for small number (6-19) of 0 year to 2 year-old infants in a family-like environment.
