### Recommended LINE System Requirements

**iOS** ● LINE Version 12.8.0 or above

**Android** ● LINE Version 12.8.0 or above

- Operability cannot be guaranteed in older LINE versions, but some features may still partially function.
- Using this app with the latest OS and LINE versions is highly recommended.
- Some features, settings, or screen elements may not function or display properly, even on versions that meet or exceed the Recommended System Requirements listed above.
- Rakuraku Smartphone users may not be able to use this service even if they meet the above requirements.
